WA Health Networks Strategic Direction 2015–2020

...leading to the achievement of our vision.

...to drive improvements in our priorities...

...which impact on a number of areas...

...which enables collective input to our key action areas...

A strong foundation is created through effective engagement with all our partners, a shared commitment to change and common values...

Our vision

To support WA Health to deliver a safe, high quality, sustainable health system for all Western Australians

Our priorities

- **Optimising care in the community**
- **Improving the person's journey**
- **Influencing system change**

Our areas of impact

- Create a more responsive and integrated system
- Ensure people across WA receive safe, high quality and accessible health services
- Support the delivery of health services that are person centred and based on evidence
- Improve the health and wellbeing of Aboriginal people and other disadvantaged people living in WA
- Focus on prevention, early intervention and improved coordination of care for people with chronic and complex health conditions

Our key action areas

Engagement: Facilitate high quality and comprehensive engagement with a diverse range of partners.

Leadership: Cultivate leaders, across the health system and community, to inform the implementation of health reform.

Pathways: Design and facilitate implementation of integrated pathways of care between the community, to hospital and acute care and back to the community.

Planning: Inform planning and purchasing intent based on collective clinical and health system knowledge, evidence and policy.

Our foundation

Connect • Share • Improve

Our mission: WA Health Networks connects internal and external partners with an interest in health to share their expertise and experience to provide clinical and health system advice which in turn improves system-wide policy, planning and purchasing.

Our values: Integrity • Quality • Compassion • Respect • Objectivity.

Our partners: Australian Government Department of Health – Other state and local government agencies – Non-government organisations – WA Health Services – WA Health administrators – Community carers – Private sector – Other partners.
