

Disability Health Network Focus for 2020

Vision

An inclusive Western Australian health system that empowers people with disability to enjoy the highest attainable standard of health and wellbeing throughout their life.

Purpose

Provide direction to the WA health system and its partners on policy development and service delivery to achieve improved health outcomes for people with disability.

Goals

- Recognise the right to effective services and care for people with disability
- Foster a broader understanding of the health needs of people with disability
- Improve the quality, accessibility, inclusiveness and coordination of services necessary to meet the health needs of people with disability

State Disability Strategy
