

YEP Tour the Pilbara

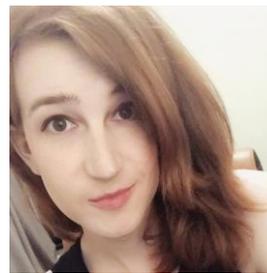

SHBBV Quarterly Forum
Wednesday 12th June 2019

We would like to acknowledge the Traditional Custodians of the land;. I pay my respects to them and their culture, to their Elders both past and present and to their strength, resilience and connection to land, waters and community. I acknowledge that this presentation is being given in a foreign language for an alien culture. This always was and always will be Aboriginal Land.
