

Major Incident Medical Management and Support (MIMMS)

MIMMS courses teach a systematic and practical approach to field medical management at disasters, which can be applied to any major incident. The emphasis is on scene management and pre-hospital care, learned through:

- structured lectures
- table-top exercises
- practical exercises in radio communication
- casualty triage exercises
- workshops
- field exercises

MIMMS Team Member (1 day)

<p>Aim</p> <p>To provide first responders with an understanding of pre-hospital disaster management.</p>	<p>Course Content</p> <ul style="list-style-type: none"> • pre-hospital application of triage Sieve and Sort • application of radio skills • awareness of principles for command and control • treatment and transport • establishment of CCP 	<p>Target Audience</p> <p>Medical and nursing staff, paramedics and those who would have a role at an incident site.</p>
---	---	---
